Yeah Man No Problem

Judy Mowatt

I sought the wisdom of an old wise man
Cause I knew God was first in His plans
I knew my answers had to come from above
This Earth had shown me no love
So I told Him I was feeling down
Sorrow had pushed me around
Said He had one guarantee
That would bring me peace and liberty
Freedom He said is found in Christ
He is the Author of Abundant LifeHe said...yeah man yeah man no problem
Just give it to the Lord and He'll solve them (repeat)So if you're searching for happiness
Seeking relief from trials and distress
Take the counsel of a veteran
A former hostage of the devil's plans
And be released from the chains of sin
For this is a war you can win
Yes victory is assured through God
He'll give you sight even in the fog
And life's questions He'll make clear
With answers that allow you to steerYeah man yeah man no problem
Just give it to the Lord and He'll solve them (repeat)
