

# I Could Kick Your Ass

## Justin Moore

You got your million bucks  
You got your flashy sports car  
You got your trophy girls  
Man, you think you're a star  
You got your teeth bleached  
You like to play the rich game  
Yeah, you think you're a cowboy  
The new Jesse James  
But I could kick your ass  
I could jack your jaw  
Put you flat in the dirt, boy  
Yeah, I'd have a ball  
So go ahead and act tough  
Like you're John Wayne's son  
But things can change fast  
I can kick your ass  
Try to steal my girl  
Better bring your big friends  
Another one or two  
'Cause you're gonna need them  
You're a little too small

To be calling me names  
I'm 'bout to knock that smirky little grin  
Right off of your face  
I could kick your ass  
I could jack your jaw  
Put you flat in the dirt, boy  
Yeah, I'd have a ball  
So go ahead and act tough  
Like your John Wayne's son  
But things can change fast  
I can kick your ass  
Oh, how about it, boy?  
Yeah, I could kick your ass  
I could jack your jaw  
Put you flat in the dirt, boy  
Hell, I'd have a ball  
So go ahead and act tough

Like you're John Wayne's son  
But things can change fast  
I could kick your ass
