

Superstar

The Isley Brothers

Who's that girl that considers her self a super woman?
And who's that girl thats independent and hard working?
And who's that girl that can cook and got some good lovin'?
And who's that girl
That can take it down on her man and turn it into something? You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top
You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top Tell me who's that man with them 20 inches under that
wide body Benz? And who's that man sitting in VIP just a thuggin'?
And who's that man all the ladies are kissin' and huggin'?
Tell me who's that man that the whole ghetto is lovin'? You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top
You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top Tell me y'all who's that girl that looks so good and
dress so sexy?
And who's that girl thats got me wanting her next to me?
And who's that girl that with one look can knock me off my feet?
And who's that girl that can take me straight into extasy? You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top
You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top Tell me y'all who's that man that considers himself to
be full grown?
And who's that man that claims the world to be his own?
And who's that man with a gentle heart and a pleasant tone?
But when you mess with his money he's quick to go upside your door? You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top
You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top Let your light shine, let your light shine
Let your light shine, let your light shine
Let your light shine, let your light shine
Let your light shine, let your light shine You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top
You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top
You's a superstar, that's what you are
Money, clothes and fancy cars, so high, you're on the top
