Solitary One

Paradise Lost

Love fails to die
Remain survives
It feeds off lifeWeary frustration it's not enough
I'm pleading with the Solitary one
In this temptation we're without blood
I'm weakened by a solitary oneRedemption lies
In blood-filled eyesWeary frustration it's not enough
I'm pleading with the Solitary one
In this damnation we're without blood
I'm weakened by a solitary one
