The Guess Who

Vision of mine can you see it
I know a sound can you hear
I've got a place have you been there
What time of day can you meet me
At 8:15
8:15
8:15
8:15

I know a song can you sing it
I've gotten lost can you find me
I know a game can you play it
What time of night can you meet me
At 8:15
8:15
8:15
8:15

You have changed my style
Knowing all the while
I would thank you for it someday...

Gonna keep on lookin' till I find you...
