

Deado

Stephen Malkmus

[deado]

Feel the work
Of the tooth-impacting jerks,
Seem to measure you for size,
They got metal in their eyes [oh yeah]
We're chasin' performance and several moods
We're chasin' performance and several moods
Times where easy wages fat,
Stumble on inflated stats Jan, you took me far into a long line.
Divine divine divine divine
Jen, you took me far into a long line. I can't employ employ the tactics,
Already rented them out to my friend snake/schnake
The equinox tail- chaser -- super frail
Smoking in the fog,
Set a trap in the mirage,
Well we'll never see the rights
That won't see the libel
They'll file the fine, Jen, you took me far into a long line.
Divine divine divine divine
Jen, you took me far into a long line.
Divine divine divine divine
