

# Lean On Me

[Xikidi](#)

Lean on me  
i try to do what's right for me yeah  
sometimes i cry cause i'm concern  
what you are for me,i'll be for you  
from sun up to midnightchorus  
lean on me,you're not alone  
i guest we need a break,  
for all the things we've been  
through in all this time  
wo wu wo wu ho ho hawhere we going with the guns in our hands  
eachtime look like we desperate  
we hope someday sometime  
someone we make us change  
from sun up to the midnight  
don't sit down behind the maskchorus
