Rats! Rats! Rats!

Deftones

Decide, decide
Is this it, is it? Decide
And it's not your style, is it?
Decide, decide
Is this it, is it just fine?
Decide, really fine?
You wanted it
Was it like you dreamed?
You got it and
Was it like it seemed?
Yeah, I wanna say nothing, nothing
Not a f*** thing
I just wanna say something
Something, something
Decide, decide
Is this it, is it? Decide
And it's not your style, is it?
Decide, decide
Is this it, is it just fine?
Takes off just fine
Everything is fine
Everything's just fine
Everything is fine

And we
You wanted it
Was it like you dreamed?
You got it and
Was it like it seemed?
Now I wanna say nothing, nothing
Not a f*** thing
Just wanna take something
Something, something
Now was it worth it, worth it
Just one f*** thing?
I could've said something
Something, something
Decide, decide
Is this it, is it? Decide

And it's not your style, is it?
Decide, decide
Is this it, is it just fine?
Everything's fine
Everything is fine
Everything's just fine
Everything is fine, liar
