

# Dead By Dawn

## The Phantom Creeps

Book of the dead, pages bound in human flesh  
Feasting the beast, from the blood the words were said  
I am unseen, dreamt the sacred passage aloud  
Trapped in a dream of the necronomicon

Seven lords of an evil and fatal force  
Levitate through the secret and ancient doors  
Unbegun, premenating bizarre  
Swept away to the castle of Cantar

Seeking the tomb, tried to possess  
Immortal sleep, visions of death  
Drank of the blood, water of life  
Splendorous son, show me the sign  
You are dead  
Blanketing fear, unknown to man  
Demons appear, death they command

(Dead by dawn, dead by dawn, dead by dawn  
Dead by dawn)

(Dead by dawn, dead by dawn, dead by dawn  
Dead by dawn)

(Dead by dawn, dead by dawn, dead by dawn  
Dead by dawn)

Blasphermate me

We are what wars, and shall rule again  
Dead by dawn, chanting death thee ancient hymn  
This is not real, I am not the chosen one  
Trapped in a spell of necronomicon

Torted pain, in the palace of dead  
Recitate, through the passages I dreamt  
Dead, dead by dawn  
Dead, dead by dawn
