

Lazy Eye

Goo Goo Dolls

Once been drowned, our secret lives
Everyone that needs to hide
Cheaper reign of endless lies
Filters though this lazy eye And I don't believe in signs
No, I don't believe your lies Caught in the breakdown
Caught in the breakdown
Caught in the breakdown
Caught in the breakdown Lose yourself in no one's life
Trapped in nowhere's empty light
Words like fists they tear you down
Crash before they hit the ground And I don't believe in signs
No, I don't believe your lies Caught in the breakdown
Caught in the breakdown
Caught in the breakdown
Caught in the breakdown And I don't believe in sings
No, I don't believe your lies
No, I don't believe your lies Caught in the breakdown
Caught in the breakdown
Caught in the breakdown
Caught in the breakdown
Caught in the breakdown
Caught in the breakdown
Breakdown
Caught in the breakdown
