Come to Me

Faye

Come to me
It's time to go
Your smell of lilac
makes me soft
Your hand in my hair
Kiss me now
I don't want to love you
Tell me howFree me from this boat
Let me be inspired
And let me love
Nothing for me
You can't be the one
Smell of betrayal
I love to hide
Today i prove
I'm nothing for youHurry up
He'll be home soon
Take my clothes off
Don't be a fool
Cold sheets against my skin
Your breathe in my neck
Don't know why you're always shyYour hand in my hair
Kiss me now
I don't want to love you
Tell me how
Let me be inspired
And let me love
Nothing for me
You can't be the one
Smell of betrayal
I love to hide
Today i prove
I'm nothing for you
Let me be inspired
And let me love
Nothing for me
You can't be the one
Smell of betrayal
I love to hide

Today i prove
I'm nothing for you
