

# I Know I'll See You

## A Place to Bury Strangers

I just couldn't wait to see you again  
No, I never, ever turned off on friends  
Well, I thought I heard you say, and I know I feel the rain  
But I can't give up looks until it's away

Now I just can't take, the way to live my life  
Holding dear the last breath in my lungs  
I know I'll see you again, see you again

Don't take my hand cause I take it away  
And I take everything just to take it away  
Well, you can't leave me problems  
You can't give me signs  
And as it easy you give, I can take it away

Now I know the things I say  
Don't hold up in the rain  
Everyone was a gift straight from my heart

Give it then, take it away  
Take it away  
Take it away  
I take it away

I just couldn't wait to see you again  
No, I never, ever turned off on friends  
Well I thought I heard you say, and I know I feel the rain  
But I can't give up looks until it's away

Don't take my hand, cause I take it away  
And I take everything just take it away  
I can't feel my head as it slips away  
My hands touch the ground, but I'm not safe

I just couldn't wait to see you again  
I just couldn't wait to see you again  
See you again!
