

# Headlock

## Bad Boy Bill

I got my got my black boots on  
Got my candy apple lip gloss  
And white tank top  
Let's get this party going daddy  
Take your clothes off  
Here comes the kitty prissy dreadlock  
Put you in a headlock  
Rock your body til you pop lock  
And drop you like a hot rock

Let's get this party going  
Let's get this party going  
Let's get this party going  
Let's get this party going

I got my got my black boots on  
Got my candy apple lip gloss  
And white tank top  
Let's get this party going daddy  
Take your clothes off  
Here comes the kitty prissy dreadlock  
Put you in a headlock  
Rock your body til you pop lock  
And drop you like a hot rock

So c'mon follow me  
And baby what you got to offer  
If I'm gonna break you off  
Then we're gonna do it proper

Let's get this party going daddy  
Take your clothes off  
Here comes the kitty prissy dreadlock  
Put you in a headlock  
Rock your body til you pop lock  
And drop you like a hot rock

Let's get this party going  
I got my got my black boots on

Got my candy apple lip gloss  
And white tank top  
Let's get this party going daddy  
Take your clothes off  
Here comes the kitty prissy dreadlock  
Put you in a headlock  
Rock your body til you pop lock  
And drop you like a hot rock
