Backyards

Broken Social Scene

Broken boys look good sitting on their shelves
Silent waves responds expose to fear
Library cards, rented faces, lying on the naked train
Hard parades with nothing skin
Things that breathe way too thinThey lost their lives in backyards
They lost their lives in backyards
They lost their lives in backyards
They lost their lives in backyardsElevator, red, blue stain, best of things
Half way between things and times, a kill
Library cards, rented faces, lying on the naked train
Highways and major club smell stale
Almost eyes, a thousand thingsThey lost their lives in backyards
They lost their lives in backyards
They lost their lives in backyards
They lost their lives in backyardsIt's a hard parade, just be courageous
It's a hard parade, just be courageous
It's a hard parade, just be courageous
It's a hard parade, just be courageousIt's a hard parade, just, it's a hard parade
It's a hard parade, just be courageous
It's a hard parade, just be courageousIt's a hard parade, just be courageous
It's a hard parade, just be courageous
It's a hard parade, just be courageous
It's a hard parade, just be courageousBe courageous, be courageous
Be courageous, be courageous
Hard parade just, be courageous
Hard parade just, be courageousIt's a hard parade just, be courageous
It's a hard parade just, be courageous
It's a hard parade just, be courageous
It's a hard parade just, be courageous
