

# One Day Too Late

## Skillet

Tick tock, hear the clock countdown  
Wish the minute hand could be rewound  
So much to do and so much I need to say  
Will tomorrow be too late? Feel the moment slip into the past  
Like sand through an hourglass  
In the madness, I guess, I just forget  
To do all the things I said Time passes by, never thought I'd wind up  
One step behind, now I've made my mind up Today, I'm gonna try a little harder  
Gonna make every minute last longer  
Gonna learn to forgive and forget  
'Cause we don't have long, gonna make the most of it Today, I'm gonna love my enemies  
Reach out to somebody who needs me  
Make a change, make the world a better place  
'Cause tomorrow could be one day too late  
One day too late, one day too late Tick tock, hear my life pass by  
I can't erase and I can't rewind  
Of all the things I regret the most I do  
Wish I'd spent more time with you Here's my chance for a new beginning  
I saved the best for a better ending  
In the end I'll make it up to you  
You'll see, you'll get the very best of me Time passes by, never thought I'd wind up  
One step behind, now I've made my mind up Today, I'm gonna try a little harder  
Gonna make every minute last longer  
Gonna learn to forgive and forget  
'Cause we don't have long, gonna make the most of it Today, I'm gonna love my enemies  
Reach out to somebody who needs me  
Make a change, make the world a better place  
'Cause tomorrow could be one day too late Your time is running out  
You're never gonna get it back  
So make the most of every moment  
Stop saving the best for last Today, I'm gonna try a little harder  
Gonna make every minute last longer  
Gonna learn to forgive and forget  
'Cause we don't have long, gonna make the most of it Today, I'm gonna love my enemies  
Reach out to somebody who needs me  
Make a change, make the world a better place  
'Cause tomorrow could be one day too late One day too late, one day too late  
One day too late, one day too late
