

The Senior Lover of Diamanda

Nightfall

Advisory - the following lyrics contain explicit language:

No more fucking lies
Weak face truth denies
Solid cold embrace
The expression of grace Teach me life to taste
Experience of crest
For life is nothing more
But tears for things we think we adore Tell me sweet lies, Command
I wanna hear your price, I come
Spirit-flesh collide, the birth of Carnal Sun I am a snake
That slips into your lake
Archaic feelings die
Self control deny Die day, die
Don't leave me oh dear night
A tragedy would be
With others eyes my dreams to see
