

# Way Up (feat. Iamsu!)

## AD & Sorry Jaynari

[Hook: AD]

Club going down, tell 'em turn me way up

Way, way up

When I'm in your town tell 'em turn me way up

Way, way up

Way up, way up

Way, way, way up

Way up, way up

Way, way, way up[Verse 1: AD]

Woah, woah, way up

We be goin' hard, why you tryna play us?

All about the money, tell a nigga pay up

You can't even buy the bar, nigga get your cake up

Lil nigga it get real out here, wake up

Got to say a prayer every day I wake up

Side bitch in my ear, says she wanna break up

Main bitch in the bed, tell her don't wait up

Keep her face clean, I don't do the makeup

And if the bitch leave I don't do the make-ups

Everybody hate, I ain't never changed up

Went and dropped a couple niggas, had to get my change up

Got to ball hard, nigga that's a layup

And if the pussy bomb I'ma have to lay up

Tell me time is money, don't you ever take up

All these niggas fell off but they taking pay cuts[Hook: AD]

Club going down, tell 'em turn me way up

Way, way up

When I'm in your town tell 'em turn me way up

Way, way up

Way up, way up

Way, way, way up

Way up, way up

Way, way, way up[Verse 2: IamSu!]

Way, way, way up

Hold up AD, this shit too easy, it's a layup

Yeah, and I'm the one who brought the Bay up

Fucking hoes from RodÃ©o with shopping sprees in [?] now

Yeah, and I got big big plans

Millions, billions, trillions

Kick the fake out, bring the real in  
I'm taking trips out where they spend yen  
And that's China, all I know is designer  
Making money my major but macking hoes is my minor  
And now I'm hotter than 400 degrees  
You gon' run them bands up if you running with me  
And ain't nothing for free, everything got a price tag  
5k for the fit, that's a light dab  
Running numbers in my head cause I like math  
Now bring it right back, kick it like I'm Mike Jackson[Hook: AD]  
Club going down, tell 'em turn me way up  
Way, way up  
When I'm in your town tell 'em turn me way up  
Way, way up  
Way up, way up  
Way, way, way up  
Way up, way up  
Way, way, way up[Outro: AD]  
Way up  
Way, way, way up  
Way up  
Way, way, way up  
Way up  
Way, way, way up  
Way up  
Way, way, way up
