

Devil On My Shoulder

Ponderosa

I teach you how to be a woman all the times
I teach you how to be a woman all the time
I lay you down and I'll eat you alive, babe
I get you high then I'll leave you behind 'Cause there's a devil on my shoulder
And you know I'll never give her away
'Cause there's a devil on my shoulder
You, you, you, you know, oh yeah, you know I teach you how to be a woman all the times
I teach you how to be a woman all the time, yeah
I lay you down and I'll eat you alive, yeah
I get you high then I leave you behind 'Cause there's a devil on my shoulder
And you know I'll never give her away, ooh
'Cause there's a devil on my shoulder
You, you, you, you know, oh yeah, you know I get you high, ooh, I get you high
I get you high, I get you high
Ooh, I get you high, I get you high, high, high, oh
I get you high, high, high, yeah
I get you high, high, high, oh
I get you, I get you, I get you, yeah 'Cause there's a devil on my shoulder
And you know I'll never give her away
'Cause there's a devil on my shoulder
You, you, you, you know, oh yeah, you know
