

# Castle In the Snow

## Kadebostany

The light is fading now  
My soul is running on a puff  
That I cannot reach  
My brain is turnin'  
And my head is hurtin'  
Every day a little bit more  
The light is fading now  
My forces is being sucked by  
A bloody leach?  
My fear is smilin'  
And my threat is singin'  
Every night a little bit more  
I cannot see anything  
I am blindfolded  
I can hear the birds  
I can see them fly  
I can see the sky  
I can hear the birds  
I can see them fly  
I can see the sky  
It's about to cry  
I'm a zombie  
I don't know what to do  
I should be hidden in a place  
But I gotta stay, stay stay  
Stay stay stay stay  
I'm so lonely  
I don't know if I get through  
I wanna be floating in space  
But I gotta stay, stay stay  
Stay stay stay stay  
I can hear the birds  
I can see them fly  
I can see the sky  
I can hear the birds  
I can see them fly  
I can see the sky  
It's about to cry
