

COOL

Le Youth

This song makes you cool
Right here's where you wanna be
This song gets you cool
Everytime you feel like it
This song gets you cool
Here is where you wanna be
This song gets you cool
Everytime you feel like it
Now it's me and you
I've been waiting Think I wanna make that move, now
Baby, tell me if you like it Tell me if you like it
It's me and you, now
I've been waiting
Think I wanna make that move, now
Baby, tell me how you like it This song makes you cool
Right here's where you wanna be
This song gets you cool
Everytime you feel like it
This song gets you cool
Here is where you wanna be
This song gets you cool
Everytime you feel like it
Now it's me and you
I've been waiting Think I wanna make that move, now
Baby, tell me if you like it Tell me if you like it
It's me and you, now
I've been waiting
Think I wanna make that move, now
Baby, tell me how you like it This song makes you cool
Right here's where you wanna be
This song gets you cool
Everytime you feel like it
This song gets you cool
Here is where you wanna be
This song gets you cool
Everytime you feel like it
Now it's me and you
I've been waiting.
