

# The Couples

## The Long Blondes

Falling in love is sometimes hard  
Writing a love song is even harder  
Better to leave that to someone else  
Someone madder But this is a song about feeling left out  
And this is a song about not being ready  
To do what youve been told to do This is the last drink Im ever gonna have  
This is the way that its making me feel  
I used to come here to have a good time  
But I could feel like this at home And the couples walk by and they give me the eye  
And I can see that the girls just a little bit jealous  
Well anytime you want to swap just stop me Yes people have the nerve to tell me that theyre lonely  
People have the nerve to tell me that theyre lonely  
People have the nerve to tell me that theyre lonely  
Youre not lonely  
I am baby So the couples walk by and they give me the eye  
And it seems like the boys got a thing for me  
Well my advice is not to get involved And closing times now non-existent  
So I could stay till judgement day  
I could stay till I get bored of the couples walking by Yes people have the nerve to tell me that theyre lonely  
People have the nerve to tell me that theyre lonely  
People have the nerve to tell me that theyre lonely  
Youre not lonely  
I am baby Oooh ooohhh  
Youre not lonely  
I am baby A million people in the cosmos tonight  
Must be rare in this age of life  
But none of them can hold a candle to me And the couples walk by and they give me the eye  
But thats not what I what I walk  
Around the block and never come back one day  
I walk around the block and never come back one day Yes people have the nerve to tell me that theyre lonely  
People have the nerve to tell me that theyre lonely  
People have the nerve to tell me that theyre lonely  
Youre not lonely  
I am baby Oooh ooohhh  
Youre not lonely  
I am baby
