

# Rain or Shine

## Young Fathers

(I may not be around, I may not be around)  
No Jesus in my life  
No demons in my life  
(I may not be around, I may not be around)  
Some say that I'm shy  
But I think I'm alright  
(I may not be around, I may not be around come rain or shine)When the day ends, I'm alright (When the day  
ends, I'm alright)  
Give me strength, give me pain (Give me strength)  
The eternity is all the same (The same, the same)  
Keep on searching for some strange  
More power's not the cure (More power's not the cure)  
Your position's not secure  
You see him but don't see me  
Ain't he handsome, ain't he free? (Ain't he handsome, ain't he free?)  
Let the tyrant walk right in  
Feed yourself, feed your kin  
There's typhoid in the water (Hysteria, hysteria)  
And he's giving out the orders  
Some say I'm a magician (Some say I'm a magician)  
Some say that I'm shy  
I'm Mr. Initiation (I'm Mr. Initiation)  
I'm ready to fly  
(I'm ready to die)I may not be around come rain or shine  
(I could do more, I could care less)I ain't strange enough  
I ain't strange enough  
Need help for my condition  
Keep on spitting in the water  
They keep sipping, they keep wishing  
Imma show you where  
Where to go down in the sculler  
Get you hot under the collar  
On the hotline show  
I ain't strange enough  
I ain't strange enough
