

Saving Grace

The Cranberries

It could happen here today
It could happen here today
And I can't wait to see your face
No I can't wait to see your face
Can you hold on
While I take hold of myself
Can you hold on
While I take hold of myself
You're the little thing
My saving grace
You're just a little thing
My saving grace
It could happen here today
It could happen here today
You are my saving grace

You are my saving grace
Will you be strong
While I take hold of myself
Will you be strong
While I take hold of myself
You're the little thing
My saving grace
You're just a little thing
My saving grace
It could happen here today
It could happen here today
You are my saving grace
You are my saving grace
