Remember Me

Last Heart Attack

Remember me!
Even when I will leave this place and don't forget
My life is like a race!
I've realized, I'm like a bird I will take flight!
Meanwhile I fight
Whoever bring me downDon't be afraid
That is my way
I'll ride my race 'till my goal!And I don't know where i will go
But i'm aware it hurts a lot!
So please make sure that i won't throw
My life awayRemember me!
Even when I will leave this place and don't forget
My life is like a race!
I've realized, I'm like a kite I will take flight!
Meanwhile I ride
The wind which takes me highDon't be afraid
That is my way
I'll ride my race 'till my goal!And I don't know where i will go
But i'm aware it hurts a lot!
So please make sure that i won't throw
My life away
