Come Touch The Sky

Trouble

Love let`s just start from here
Reach as far as we can see
Tell them you came to look in my eyes
Saw the morning appear in the skies[Chorus:]
Come on baby touch the skyCan`t really remember her name
But I loved them just the same
We wandered all night
In the land of dreams
Nobody ever heard me scream[Chorus]Love let`s just start from here
Reach as far as we can see
Tell them you came to look in my eyes
Saw the morning appear in the skies[Chorus]
