Burning Bridges

Patrice

Love don't have to hurt,
Forget, forget who you once were
Now you roam to beat the sun
With your head against the world
You're just so proud to make the call
This respond'd, you flusted on
I think the road will making ribbles in the sky
Can't just sit around and cryWe want to we roam in the open world
Can't remember how it was beforeRoam in the open world (bis)
Can't remember how it was beforeWicky wicky trap bone!Light up the nightsGet the bridges outburnOn this open road
Don't know where will we just go
In my odd, rap can be yo
And if I find you in the dust
I'll clean you up, my card of us
We'll be home when we want toThink the road will making ribbles in the sky
Or we'll sit around and cryLet's go to filedrop the pedal
And we'll fly
Or maybe at least we'd've triedWe want to roam in the open world
Can't remember how it was before
Roam in the open world(Wicky wicky trap bone)
Roam in the open world
Can't remember how it was beforeWicky wicky trap bone!Light up the nightsMake the bridges outburnNever gonna learn (bis)
Light up the night with the bridges outburnNever gonna learn (bis)
Light up the night with the bridges outburnNever gonna learn (bis)
Light up the night with the bridges outburnNever gonna learn (bis)
Light up the night with the bridges outburnWe want to roam in the open world
Can't remember how it was beforeRoam in the open world
(Wicky wicky trap bone)
Can't remember how it was beforeWicky wicky trap bone!(Light up the nights)Let the bridges outburn(Light up the nights)Let the bridges outburn
