

Lets Be Us

Jack Shaw

Will you write me a letter
With the words from your hands?
Will I be in your thoughts
When you travel these lands?

And I know that it's hard
When you're miles away
And the longer you're gone
Well, the more I can't wait

Cannot stop looking at your beautiful eyes
You got me deeper in love, and I don't want to change a thing
Come closer, let's be more than just friends
Let's be us, let's be us

There's a storm here that we made
Feel it rushing around this place
In my hands are the words
In for better and for worse

Through the hours and the days
Lay journeys to your place
We can run, chasing lights
Cause a beautiful mess and make me feel alive

Cannot stop looking at your beautiful eyes
You got me deeper in love, and I don't want to change a thing
Come closer, let's be more than just friends
Let's be us

We can run, we can run, there is a storm here
We can run, we can run, there is a storm here
We can run, we can run, there is a storm here
We can run, we can run, there is a storm here

Cannot stop looking at your beautiful eyes
You got me deeper in love, and I don't want to change a thing
Come closer, let's be more than just friends
Let's be us, let's be us
