

Life's a Beach

[Kurt Vile](#)

I wanna be born, don't wanna be anything
I got dangerous memory, got memory
I wanna be the best, bet all the dreams are entitled to be blessed
But I'm ... blesses all the path I wanna go to ..., yeah, cause life's a beach
I'm out of reach
I'm so out of reach, yeah
Life's a beach I like my key in the car ...
From ... away ... need
Always ... imagination,
Running away with me
When your actions acting up
... turning up
I make a living too much... die
A little over
... cause life's so wild
Man I can't ... a rest
I've been up and down so long
Guess I'm moving, moving along
I've been along ... life
Don't never try and end ...
