## Thin White Rope

I woke riding on a falling moon  
Turns my heart and my pillow blue  
Traveled so long that you're old and new  
Traveled so fast I lost my shadow

One of these days will realize  
The darkest shadow falls from the clearest skies

You're so silent and your skin so cold  
That I jump up saying "Go shadow go"  
And you surface from a deep blue sleep  
I say "I'm thirsty and I had a dream"  
You say "There's a glass of water on the floor  
So you don't need to leave me anymore."

One of these nights I'll sell my soul  
To sleep in something that doesn't rock and roll

I woke riding on a falling moon  
Turns my heart and pillow blue  
Tried to make peace between the new and old  
Tried so hard to lose my shadow

One of these days will realize  
The darkest shadow falls from the clearest skies
