Two Tears

Joan Armatrading

I cried two tears
And not for the first time
I cried these tears for youI cried all night
And I promise myself
I won't ever cry this way againJust like the sun
Follows every rain storm
And night gives way to dawnYou treat me bad
Try to drag me right down
But from here I can still see the starsMy luck just changed
Once I open that door
I am never gonna take you backHey it's a miracle
Time just stood still
So I can watch the frame
And what a shock
What a revelation
This is life changingBlows raining down on me
And me I crawl like a puppy dog
And I answer as soon as
I hear you call
YehNo more no more
No more crying eyes now
I've cried too much for youI cry all night
And I promise myself
I won't ever cry this way again
I won't cry this way again
No
NoI cried two tears
And not for the first time
I cry these tears for youI cried
Enough
No more
It's time
To say
Goodbye
Goodbye
HeyI own myself
Yeh I gave you control
But I'm taking my possessions backYou crowned you king
But your princess just woke up

From a sleep yeh you're a hypnotistHey it's a miracle
Time just stood still
So I can watch the frame
And what a shock
What a revelation
This is life changingBlows raining down on me
And me I crawl like a puppy dog
And I answer as soon as
I hear you call
Yeh
YehHey it's a miracle
Time just stood still
So I can watch the frame
And what a shock
What a revelation
This is life changingBlows raining down on me
And me I crawl like a puppy dog
And I answer as soon as
I hear you call
