

# Gimme Some Lovin' (Spencer David Group)

## Great White

Well the temperature's rising, I've seen it before  
Crazy people rockin' like they wanted some more  
Let me in baby, I don't know what you've got  
But you better take it easy, L.A.'s hot  
I'm so glad we made, so glad we made it  
You gotta gimme some lovin', gimme some love Every day  
Well I feel so good, everything is kinda high  
Better take it easy because the place is on fire  
Been a hard day, I had some work to do  
We made it baby, it could happen to you  
Been a hard day, nothing hurt too good  
Gonna relax honey, everybody should  
You gotta gimme some lovin'  
Gimme some lovin'
