Just One Night

Advisory - the following lyrics contain explicit language:

I've always wondered what it would be like
Just you and me, baby, nothin' else
We meet again both of us by circumstance
Stay with me, we might never get this chanceTo hold on to love
Just one night
Don't try to fight about it
Take me, I'm yours
Just one nightI'm right about itDon't be alone, don't think of what we could have had
You'll wonder why we ever let this moment pass
You can't deny we see it in each other's eyes
Close the door leave that empty world outsideTo hold on to love
Just one night
Don't try to fight about it
Take me, I'm yours
Just one nightHold on to love
Just one night
Don't try to fight about it
Take me, I'm yours
Just one night, just one nightWe might never
Get this chanceHold on to love
Just one night
Don't try to fight about it
Take me, I'm yours
For just one night[Incomprehensible] about itHold on to love
Just one night
Don't try to fight about it
Take me, I'm yours
Just one nightWe see it in each other's eyes
Just one night
Nothing else, nothing else
Nothing else I know
Just one night
