

Kiss Yourself

Verbena

Lick yourself
'Til you're all, 'cause you can't stop
And kiss yourself
With a gun so it all stops Why did you deal
Try to new boy?
Why did you say
Got a bad toy? What did you heard
From your magazines?
Kinda dead boys
Kinda dead scenes Let's just pretend that we're real
Shit, brother, looks like he feels
Let's just pretend that we're real
Let's just pretend that we're real Lick yourself
'Til you're all, 'cause you can't stop
Kiss yourself
With a gun 'til it's all stopped Why did you do it
Try a new boy?
Why did you say
Got a dead toy? What did you heard
From your magazines?
Kinda dead boys
Kinda dead scenes Let's just pretend that we're real
Shit, brother, looks like he feels
Let's just pretend that we're real
Let's just pretend that we're real Let's just pretend that we're real
Let's just pretend that we're real
Let's just pretend that we're real
Let's just pretend that we're real
Let's just pretend that we're real
