One Me

R. Kelly

There can only be one me
(Can't nobody, can't nobody do your body like me)
There can only be one me
(Can't nobody, can't nobody do your body like me)I wanna make you moan, do it all night long
Once I get you home, baby girl it's on
I'm gonna kiss your lips, then I'm gonna raise your slip
I'm gonna take your hand and let you feel these ribs
I'm a winner, I'm a winner, I'm a winner, I'm a winner in bed
Go to dinner, go to dinner, go to dinner, go to dinner in bed
Listen babeThere can only be one me
(Can't nobody, can't nobody do your body like me)
There can only be one me
(Can't nobody, can't nobody do your body like me)I wanna show you love, from the bottom up
Once the light goes off, you can't get enough
I wanna be your man, not a one-night stand
And if you take my hand, I bet a hundred grand
I'm a winner, I'm a winner, I'm a winner, I'm a winner in bed, yes I am
Go to dinner, go to dinner, go to dinner
And the dinner in bed, there canThere can only be one me
(Can't nobody, can't nobody do your body like me)
There can only be one me
(Can't nobody, can't nobody do your body like me)Girl open your dictionary, look under 'love'
And your gonna see my face
Come to bed right now, let's cover up
Nothin' but sweat comin' between us, in this placeThere can only be one me
(Can't nobody, can't nobody do your body like me)
There can only be one me
(Can't nobody, can't nobody do your body like me)Do you wanna be? Do you wanna be?
Do you wanna be? Do you wanna be?
Wanna be with me tonight?
Do you wanna see? Do you wanna see?
Do you wanna see? Do you wanna see?
How I'm gonna do yo body right?
Do you wanna go? Do you wanna go?
Do you wanna go? Do you wanna go?
Go on a 12 play ride
You'll be goin' all out, like a prom night
And you won't make it home, 'cuz you realizeThere can only be one me
(Can't nobody, can't nobody do your body like me)

There can only be one me
(Can't nobody, can't nobody do your body like me)There can only be one me
(Can't nobody, can't nobody do your body like me)
There can only be one me
(Can't nobody, can't nobody do your body like me)There can only be one me
(Girl, what you need is somebody thats gonna fulfill your needs
(Can't nobody, can't nobody do your body like me)
(Yes you do)
There can only be one me
(Well all youve gotta do is quit)
([incomprehensible] around with these many needs)
(Can't nobody, can't nobody do your body like me)There can only be one me
(Girl you need a real player thats gonna change your frown to a smile)
(Can't nobody, can't nobody do your body like me)
There can only be one me
(And hes gotta go downtown for you, and be there for a while)
(Can't nobody, can't nobody do your body like me)There can only be one me
