

Whatever Happened to Christmas

Frank Sinatra

Whatever happened to Christmas? Whatever happened to Christmas?
It's gone and left no traces
Whatever happened to the faces or the glow? Whatever happened to Christmas
To Christmas way of living?
Whatever happened to the giving
The magic in the snow? Remember the sights and the smells and the sounds
And remember the cheering call
Remember how love was all around
Whatever happened to it all? Whatever happened to Christmas?
Bells in the streets are ringing
Whatever happened to the singing
The songs we used to know? Whatever happened little Christmas
And when did it disappeared from view?
Where was I and whatever happened to you?
Whatever happened to Christmas and you?
