

# This Time (Glee Cast Version)

## Glee Cast

Rachel:

These walls and all these picture frames

Every name they show

These halls I've walked a thousand times

Heartbreaks and valentines, friends of mine all know I look at everything I was

And everything I ever loved

And I can see how much I've grown And though the mirror doesn't see it

It's clear to me, I feel it

I can make it on my own I'm not afraid of moving on or letting go

It's just so hard to say goodbye to what I know, I know This time no one's gonna say goodbye

I keep you in this heart of mine

This time I know it's never over No matter who or what I am

I'll carry where we all began

This time that we had, I will hold forever This old familiar place is

Where every face is another part of me

I played a different game then

They called me a different name then

I think of all the things I did and how I wish I knew what I know now I see how far I've come and what I got right

When I was looking for that spotlight

I was looking for myself Got over what I was afraid of

I showed 'em all that I was made of

More than trophies on a shelf For all the battles that we lost and might have won

I never stopped believing in the words we sung, we sung This time no one's gonna say goodbye

I keep you in this heart of mine

This time I know it's never over No matter who or what I am

I'll carry where we all began

This time that we had, I will hold forever I'm looking out from the crossroads

I don't know how far away I will roam

I take a breath, I close my eyes

Your voice will carry me home I keep you in this heart of mine

This time I know it's never over No matter who or what I am

I'll carry where we all began

This time that we had, I will hold

This time that we had, I will hold

This time that we had, I will hold

Forever Forever
