

# All Night Longer (feat. B.o.B)

Sammy Adams

In Vegas, yeah I drink Jger  
Throw bangers, get serenaded by ladies basically naked  
It's crazy this life I take it  
Everybody notice, white girls drink Vodka Sodas  
Jack and cokes will get you open, tequila shots are the dopest  
And I love it, the way you look so fine when I'm faded on my gin and tonic  
But keep on getting persuaded that I wanna crack a Jameson  
Invite all your lady friends, tell that bartender serve a mothafuckin' round again  
Tell that bartender make that  
motherfucker stronger  
I wanna go all night longer  
A couple rounds going down like water  
I wanna go all night longer  
Cause I do this every night  
I wanna do this every night  
A couple rounds going down like water  
I wanna go all night longer! Negronis for all my homies  
Titos and chasers only  
Whisky straight for the lonlies  
Tequila, red wine and Stolies  
Yeah I mix it, yeah I mix it  
Have some beers before this liquor  
Now I'm shit-faced at the bar but my games never been sicker  
Shoot whiskey like a cowboy  
Both guns go off then we wild boys  
Got a light skinned girl, sit tall boys  
Jump around ?  
Gun natty ice like a college kid  
So many girls, come and grab one bitch  
Toast to the bars, toast to the broads  
Ha! no wonder why you love this shit! Tell that bartender make that motherfucker stronger  
I wanna go all night longer  
A couple rounds going down like water  
I wanna go all night longer  
Cause I do this every night  
I wanna do this every night  
A couple rounds going down like water  
I wanna go all night longer! My game's never been sicker  
And I love it  
And I love it

And I love it  
And I love it Tell that bartender make that motherfucker stronger  
I wanna go all night longer  
A couple rounds going down like water  
I wanna go all night longer  
Cause I do this every night  
I wanna do this every night  
A couple rounds going down like water  
I wanna go all night longer!
