

This Heart Attack

Faker

I'm going away to be alone
I'm coming back with answers
Don't try to call
My telephone, it's disconnected And I don't know where I'm going
But can you guide me
But if I find love where I'm going
Will it survive me?'Cause in your own space
You're disconnected
And in your own mind
You're not affected And in your own time
You're still attracted but in your own life This heart attack
I've gotta get away not coming back
I want some downtime
So call me when you can and I'll be fine I've found the time to be alone
I don't know what you're asking
I'm waiting by the telephone
And you're still barking My heart stops, it isn't going
Could you revive me?
I think I'm lost without knowing
So come and find me 'Cause in the same space
We're disconnected
And in your own mind
You're not attracted But in your own life over reacted
And in your own time This heart attack, I think
I'll go away not coming back
I'm off the line
So call me when you can some other time This heart attack
I've gotta get away not coming back
I want some downtime
So call me when you can and I'll be fine Sometimes if we don't go
Sometimes you don't know
You don't go, I don't go
I don't go, you don't go I've got your back
But you don't got mine
This heart attack
Then I'm feeling fine This heart attack
I've gotta get away I'm not coming back
I'm 'bout to flat line
So call me when you can some other time This heart attack

I've gotta get away not coming back
I want some downtime
So call me when you can and I'll be fine I'm going away to be alone
I'm going away to be alone
I'm going away to be alone
I'm going away to be alone
