

Nothing Bout Me

B5

Your friends say I'm just a player
But girl I'm just tryna love you
We've been together for so long
Why would I want to do you wrong? Girl, they don't know nothin bout me
What will it take you to see
That my love is true and only for you?
Girl, don't know what else I can say
My heart is in the right place
I live for you, you know that I do They say that I hurt you
They say I don't deserve you
But they don't know nothin bout me
No, they don't know nothin bout me Your girls are hatin'
I can't believe what they're sayin'
'Cuz they don't know nothin bout me
No, they don't know nothin bout me You know when we are together
All we can see is each other
We both know that they just jealous
Me brake your heart, baby, never Girl, they don't know nothin bout me
What will it take you to see
That my love is true and only for you?
Girl, don't know what else I can say
My heart is in the right place
I live for you, you know that I do They say that I hurt you
They say I don't deserve you
But they don't know nothin bout me
No, they don't know nothin bout me Your girls are hatin'
I can't believe what they're sayin'
'Cuz they don't know nothin bout me
No, they don't know nothin bout me I mean it when I said your my world, so don't trip
The only thing you hear from your girls is more lip
I would never holla at them, you know that
Remember, girl, we started as friends, we go back They say that I'ma hurt you, they wrong completely
The only place they ever see me is TV
I can't flirt, security's all around me
I've always held it down, girl, why would you doubt me?
Honestly, what would you do without me?
Believe me, your friends know nothin bout me They say that I hurt you
They say I don't deserve you
But they don't know nothin bout me

No, they don't know nothin bout me Your girls are hatin'
I can't believe what they're sayin'
'Cuz they don't know nothin bout me
No, they don't know nothin bout me They say that I hurt you
They say I don't deserve you
But they don't know nothin bout me
No, they don't know nothin bout me Your girls are hatin'
I can't believe what they're sayin'
'Cuz they don't know nothin bout me
No, they don't know nothin bout me
No, they don't know nothin bout me
No, they don't know nothin bout me
No, they don't know nothin bout me
