

# Good News

## Avalon

Good news, good news  
An angel brings good news  
Good news, good news  
I meet you with good news Close your eyes fold your hands  
For a moment let your sorrow fade  
Why? Oh, why are you afraid?  
Has this world stripped you of your faith? Close your eyes and on bended knee  
Listen to an angel pray  
And once again prepare the way  
So you'll see a gift that's given  
For you a time of joy, behold a baby boy Good news, good news  
An angel brings good news  
Good news, good news  
I meet you with good news Bow your head, speak not a word  
Let the silence take you far from here  
The spirit of a child dry every tear  
And may your doubts, they disappear Bow your head and on bended knee  
Hear the story once again  
The child grew up to wear a cross  
A child grew up to pledge a life  
For us a time of joy, behold, Christ a baby boy Good news, good news  
An angel brings good news  
Good news, good news  
I meet you with good news For us is born this night  
In a manger wrapped in swaddling clothes  
Christ the Savior, Christmas day  
All our burdens washed away We break the bread  
We pour the wine  
And angels descend  
With a heavenly sigh Good news, good news  
An angel brings good news  
Good news, good news  
I meet you with  
I leave you with good news
