

# Public Service Announcement

## Swishahouse

All this time I should have known  
One of these days you'd follow me home  
Mess up my room and proceed to tempt me  
And no matter how good I am you learn to resent me

Stop, drop and roll you're on fire

I'm stingy with words  
All binge, no purge  
You put the broke in broken hearted  
You put the art in retarded
