

# Cupid

Daniel Powter

Hey, oh, oh, oh  
Hey, oh, oh, oh  
Hey, oh, oh, oh You're the perfect part of me  
You're the oxygen I breathe  
You're a superstar  
A work of art, it's electricity You're a yes in a world of no's  
You're the Beatles to my Stones  
It's a sweet romance  
A spotlight dance  
Girl you shake me to my bones But every now and then I'll start to slip away  
I gotta' hear you say Take me out, spin me around  
We can laugh when we both fall down  
Let's get stupid dancing with cupid tonight  
And when I sing out of key  
Still play air guitar for me  
Let's get stupid dancing with cupid tonight  
Don't feel all kind of right Hey, oh, oh, oh  
Hey And when we fight we fight  
And it ain't a pretty site  
Well it's not complex  
It's the make up sex  
Don't we always get that right  
Well they don't make a pill , that can give me the thrill When you look at me  
Then I hear you say Take me out, spin me around  
We can laugh when we both fall down  
Let's get stupid dancing with cupid tonight  
And when I sing out of key  
Still play air guitar for me  
Let's get stupid dancing with cupid tonight  
Don't feel all kind of right It's quite clear to me  
That we were always meant to be  
You're my bird  
Baby I'm your bee  
You got me A to Z Take me out, spin me around  
We can laugh when we both fall down  
Let's get stupid dancing with cupid tonight  
And, when I sing out of key  
Still play air guitar for me  
Let's get stupid dancing with cupid tonight

Don't feel all kind of right  
Let's get stupid dancing with cupid tonight  
Don't feel all kind of right  
Let's get stupid dancing with cupid tonight  
Don't feel all kind of rightHey, oh, oh, oh  
Hey, oh, oh, oh
