# Y2k Riot

## Burning Heads

The world 's getting so insane
Need something to kill the pain
Turn that shit off the radio
Tell me you're on double zero
Lara Croft's high on dope
My computer starts to ooze
Better go buy me a riot
I've got somes euros left to useBuy a riot Buy a riot
Buy a riot Buy me a riotMarc sold his head to a pawnshop
Thinking he could get a better one
'cause everything's for salein a pawnshop
Why don't you buy me a riotBuy a riot Buy a riot
Buy a riot Buy me a riot
