

# Y2k Riot

## Burning Heads

The world 's getting so insane  
Need something to kill the pain  
Turn that shit off the radio  
Tell me you're on double zero  
Lara Croft's high on dope  
My computer starts to ooze  
Better go buy me a riot  
I've got some euros left to use Buy a riot Buy a riot  
Buy a riot Buy me a riot Marc sold his head to a pawnshop  
Thinking he could get a better one  
'cause everything's for sale in a pawnshop  
Why don't you buy me a riot Buy a riot Buy a riot  
Buy a riot Buy me a riot
