

Desire to Desire

In Trance 95

Desire to desire
This feeling's over me
Inside me there's a fire
Oh how could it be I travelled such a long time
Many people I've seen
Faces empty places
Everywhere I've been Desire to desire
This feeling's over me
Inside me there's a fire
Oh how could it be I cared for such a long time
Many times I played your game
I followed everywhere your steps
Now nothing I could claim
