

Under My Shades

Zara Larsson

This young girl, shes so fresh,
Shes just shillim
Day and might right or left
Haters grillin?
But this young gril she don?t
Care no big deal?in
I?m on one can?t be sun ?
Straights abilin
Can?t nobody tell what i? m
Watchin what i?m watchin

Can?t nobody see who i? am
Clockin ?
Who i? am clockin
I can see the world before my
Eyes and take the world to
Make an eyes
Just put an cherry on top

Leave em all you?ve never
Come off
I can see the world before of
My eyes, and chanfe the love
In the eye.
I leave em all you?ve
Never ever come off.

This young guys, actts so fly
They keep jocking
[Under my under my shades]
I just look I don?t buy with no shopping
This young boys makes alot of
Noise but that wont face me
[Under my, Under my shades]

Cuz sunny when my shades
And re-m-i-i-i-ix i?m craaazy

Haters really cloud block em
Out block em out block em

Out if you really wanna look
Em up look em up

I can see the world before
My eyes and take the
World to make an eye
Just put a cherry on top
Leave em all you will
Never come off
I can see the world before
My eyes and change the
Love that's in the eye

Just so incredibly soft leave
Em all you'll never ever
Come off.
Never come off.

[Under my shades, in the street]
Never come off.
[I wear my shades on the beach]
Never come off.
[Under my shades in the clup]

Never come off never ever
Come off
Never come off.
[Under my shades in the mall]
Never come off.
[Under my shades in the house]
Never come off
[Under my shades when i walk]

Ohhhhhhhhhhhhhhhh?
Heeeeyyy yeahhhhhhhhhhh..

Get your shades put'em on
Get your gucci and vuittons
Get your lays or your fakes
C?man c?mon c?mon c?mon?

I can see the world before
My eyes and take the
World to make an eye
Just put a cherry on top
Leave em all you will

Never come off
I can see the world before
My eyes and change the
Love that's in the eyes
Just be so incredibly soft
I leave em all so you ll never come off.

Never come off.
[Under my shades in the street]
Never come off.
[I wear my shades on the beach]
Never come off
[Under my shades when i the club]
Never come off never ever
come off
Never come off
[Under my shades in the mall]
Never ome off
Never ever come off.
