One Step Beyond

Allegiance

Nothing is worth than what you now feel
And your sure you can't be healed
Your thoughts they conjure a new way out
To free your life of this self doubt
You are weak yet also strong
But what rational order do your thoughts belong
Can you save yourself this fall
Can conscience over ride yourself to stand tallOne step beyond - this is a place you seek
One step beyond - you cannot see
One step beyond - this fatal lie
One step beyond - would it matter if you dieSeparated from the life you desire
Your head is spinning, pain burns like fire
It is almost too much to bare
Losing a grip on what isn't there
As you commence to your final decent
Was giving up the fight always your intent
I pity you because your so small
No courage inside of yourself at allOne step beyond - this is a place you seek
One step beyond - you cannot see
One step beyond - this fatal lie
One step beyond - would it matter if you dieRiot Squad to control conflicting opinion
Rebellious retalliation - forced to listen
Fight to be free but hope to some degree
People will take what they've been givenIs this a message? Is this a sign?
Can we not comprehend
Thought so divine?
Is this a message? Is this a sign?
Can we not comprehend
Thought so divine?Organised - Hate, Frenzy
Opinionized - Hate, Frenzy
Victimised - Hate, Frenzy
Socialised - Hate, FrenzyDestructive thoughts to solve or destroy
Rational brains contort negative thier ploys
Positive leads to negative - solution or demise?
Fanaticism on both sides impossible to compromiseIs this a message? Is this a sign?
Can we not comprehend
Thought so divine?
Is this a message? Is this a sign?
Can we not comprehend

Thought so divine?Organised - Hate, Frenzy
Opinionized - Hate, Frenzy
Victimised - Hate, Frenzy
Socialised - Hate, FrenzyRetain the right to constrain all differing views
Stranglehold organised control unorthodox to lose
The batte continues protest and survive
But nothing is to be achieved except ludicrous loss of livesIs this a message? Is this a sign?
Can we not comprehend
Thought so divine?
Is this a message? Is this a sign?
Can we not comprehend
Thought so divine?Organised - Hate, Frenzy
Opinionized - Hate, Frenzy
Victimised - Hate, Frenzy
Socialised - Hate, Frenzy
