

# Highway 1

## Hollis Brown

Catching up after all this time,

You know you had me baby in my prime (oh oh, oooh).

Your momma never liked me much,

Sunday night in the pickup truck (oooh, oooh).

Oh it was good to be young.

Runnin' down highway 1 (woah-oooh-oh).Last two years they been rough

I played my hand, my heart it called my bluff (oh, oooh)

Well the highway has a certain charm

It's free tonight to rap us in its arms (oooh).

Oh it was good to be young.

Runnin' down highway 1 (woah-oooh-oh).Never late for second chances, I'll drive all night I'll show

You what romance is (oooh)

Looks like you haven't changed

But I'm sure you have, yeah

Yeah it was good to be young

Runnin' down highway 1, 1 (woah-oooh-oh)

Oh, and you deserve it all!

Yeah you deserve it all

Yeah you do, yeah you do now you do

You deserve it all
