

Million Miles

CeCe Winans

Crown to the floor, my face to the ground,
love to the core, and i cant make no sound
time just fades and I'm lost in your stare.
I'm so amazed. why would i go anywhere, go anywhere.
better is one day with you
than a million more, a million miles away.
better is one day with you.
than a million more, a million miles away.
better is one day with you,
than a million more, a million miles away.

Chorus:

i wanna be with you, gotta be with
i wanna be with you, ouoh, oh oh
i wanna be with you, gotta be with
i wanna be with you, ouoh, oh oh oh oh
ouoh, oh oh oh oh
ouoh, oh oh oh oh
ouoh, oh oh

I'm at rest and my strength is in you,
my heart is set. to journey the trail and love on the truth.
you know i believe , so let your kingdom come.
see the shape in my knees, I'm making space for the one,
