

Live My Life

Aloe Blacc

[Verse 1]

I don't wanna die young
Cause I feel my life has just begun
So many many things I wanna do before I'm done
I don't wanna die young
And I don't wanna die alone
I wanna be around my family and my home
I want someone to miss me dearly when I'm gone
I don't wanna die alone[Chorus]
But it's so hard to make it right, get it right
And it's so hard to live my life, live my life

[Verse 2]

I don't wanna die poor
But all I need is some shelter and a floor
Seeing places that I've never been before
I don't wanna die poor
I don't wanna die ashamed
I apologise for all that I'm to blame
Paint us together, regret to burn to flames
I don't wanna die ashamed[Chorus]
But it's so hard to make it right, get it right
And it's so hard to live my life, to live my life, yeah[Bridge]
I'm just tryna live my life
I won't always get it right
It's a struggle, it's a fight
But I know my future's bright
And if you look into my heart
You will see it's just like yours
Full of love and hope

And dreams of so much more[Chorus]

But it's so hard to make it right, get it right
And it's so hard to live my life, to live my life[Verse 3]

I don't wanna die in vain
I wanna fight for you through thunder and the rain
Because I know for me, you'd do the very same
I don't wanna die in vain
And I don't wanna die young
Cause I feel my life has just begun
So many many things I wanna do before I'm done

I don't wanna die young[Outro]

I don't wanna die young

I don't wanna die young
